

Vikas Kushwaha

Résumé

Student

April 27, 2025

EDUCATION

Annasaheb Vartak College

B.Sc. Computer Science (ongoing)

Vasai West, Mumbai

2022 – 2025

KEY PROJECTS

2023

My Personal Website (Hugo)

Hosting some studying material for B.Sc Computer Science students.

Scraping Exam Results (AWK)

Scraped my exam result's PDF(s), extracted student's data and churned them into web pages.

2024

BITS24 Website (Web)

Was involved in organizing a Techfest event in our college whose website was build by me and my team.

Cloud Maker Project (Go)

IOT application for my semester 5 project whose documentation was done in LaTeX.

SKILLS

Web I have build various statics as well as dynamic sites using technologies like Nginx, Python+Flask, Go, etc.

IOT I personally own and have worked with electronics like Raspberry PI, Arduino Board and some sensors.

Linux I have used many distributions including Debian which I use on my VPS and the Raspberry PI device.

Scripting I have done a lot of scripting for automating my desktop workflow and interacting with web services.

LANGUAGES

Front End	HTML	CSS	JS
Back End	Golang	Python	Bash
Database	MySQL	Oracle	MongoDB
Other	LaTeX	AWK	R

ABOUT ME

I have spend a lot of time in my university learning about Computer Systems and their various components. I love algorithms and I am looking forward to solve problems that development teams face on a day to day basis.

WORK FLOW

	Arch Linux	(OS)
	Neovim	(IDE)
	Zsh	(Shell)
	Git	(VCS)

TOOLS & TECH

SSH	Tmux	Curl
KVM	Docker	Gitea
Nginx	Hugo	Supabase
